Quality, Environmental, Health & Safety Policy Statement

Blyth Construction is committed to delivering high-quality construction services while protecting the environment and ensuring the health, safety and wellbeing of our people, customers, contractors, visitors and the communities in which we operate.

We recognise that quality, environmental responsibility, and health and safety performance are fundamental to the long-term success of our business. These commitments guide every decision we make and every activity we undertake.

Our Commitments

Quality

We aim to consistently deliver projects that meet client requirements, industry standards and regulatory obligations. We will achieve this by:

- Maintaining clear communication with clients, suppliers and subcontractors working in partnership with them and understanding their needs and expectations
- Ensuring our work is carried out by competent, trained personnel, complying with relevant regulatory and industry standards.
- Following established procedures to prevent defects and reduce rework
- Setting quality objectives, monitoring performance and driving continuous improvement and periodically reviewing our progress against customer standards

. Continual management of works and materials supplied to ensure its continuing suitability

- Delivering projects safely, efficiently and to the highest standard whilst controlling costs for optimum effectiveness and value for customers.

Environmental Responsibility

We are committed to minimising the environmental impact of our operations. We will:

- Comply with all relevant environmental legislation and best practice
- Reduce waste and promote reuse and recycling wherever possible
- Use materials and resources responsibly
- Prevent pollution and protect local ecosystems
- Seek opportunities to reduce our carbon footprint and energy use

Health & Safety

We strive to provide a safe and healthy workplace for all. We will:

- Identify hazards, assess risks and implement effective controls
- Provide safe equipment, safe systems of work and appropriate PPE
- Ensure employees are trained, competent and supported
- Encourage a culture where everyone takes responsibility for safety
- Prevent injury, ill health and unsafe behaviours
- Consult with workers on matters affecting their health and safety

Our People

Quality, environmental protection and health and safety are the responsibility of every member of our team. We expect all employees and contractors to:

- Follow company procedures and safe working practices
- Report hazards, incidents and opportunities for improvement
- Work in a way that protects themselves, their colleagues and the environment

Continuous Improvement

We are committed to continually improving our QEHS performance. This policy will be reviewed regularly to ensure it remains relevant to our operations, our clients and the construction industry.
